R'N'PLAY

SECURITY INFORMATION

This appliance was designed and manufactured to ensure your safety. The security mechanisms incorporated in the product will protect you if you observe the following procedures for installation, use and troubleshooting: read carefully the following instructions and observe them before handling and installing your hardware. Save these instructions so that you can refer to later.

Some people are susceptible to seizures or have loss of consciousness at the sight of certain kinds of flashing lights or frequent elements in our environment. Those people are exposed to attacks when they watch certain images or playing certain video games.

These phenomena may occur even though the subject has no established medical history or has never been confronted with an epileptic seizure. If you have already submitted symptoms related to epilepsy (seizures or loss of consciousness) in the presence of light stimulations, consult your doctor.

GENERALITIES

Do not shake the product under penalty of damaging it.

Use only parts and accessories (power supply...) specified by the manufacturer.

The illustrations of the product may vary from the actual product.

SECURITY

To avoid fire or electric shock, do not place the appliance near objects filled with liquid.

If a heavy object or liquid should fall on the device, have it checked by qualified personnel before using it again.

In operation, the surface of the housing gives off heat; therefore, do not cover it or put an object on it.

POWER SUPPLY

The supplied power adapter is specific to the product. The use of a different adapter may damage the product or cause accidents.

PRODUCT LOCATION

Install the unit away from any equipment to strong attraction such as microwave, large speakers...

LEANING

Never open the product to clean otherwise will void the warranty. Unplug the product from the wall outlet before cleaning the product. Clean the outside of the product with a soft, dry cloth. Never use abrasive cloth, scouring powder or solvent such as alcohol or gasoline.

TROUBLESHOOTING

Refer all servicing to qualified personnel. Troubleshooting is necessary if the appliance has been damaged in any way: plug or power cord damaged, liquid spilled on the product, introduction of small objects in the product, exposure to rain or moisture, malfunctions, dropping the product...

IMPORTANT HINT

At full volume, listening to the player for an extended period of time can damage your hearing.

It is illegal to download music from Internet without buying the rights to do so. STOREX is not responsible for the use of illegally downloaded music.

SECURITY – ENVIRONMENT

Your STOREX product has been tested in the laboratory; It complies with the European directives for CE marking in force at the time of its marketing.

Traceability of the components of your STOREX product has been carried out; we showed you the conformity of the product with the environmental directive (ROHS) in force at the time of its marketing.

At the end of life, do not dispose in the garbage but bring to your site who will move the product in a chain of electrical, electromechanical and electronic waste (WEEE) recycling.

Children: Be very careful with the children.

This product contains many spare parts, therefore be very alert when a child is in contact with it. The product contains small parts that can be ingested or cause choking if swallowed. Your device is equipped with a camera or a lighting device, do not use it too close to the eyes of children or animals.

Audition: At full power, listening to extended periods can damage your hearing. Be sure to reduce the volume to the minimum necessary when you listen to music or a conversation. Avoid high sound volumes for long periods.
