

## MISE A JOUR eZee'Tab785

1. Télécharger les fichiers de mise à jour à l'adresse suivante :  
[http://www.storex.fr/download/mid\\_online\\_fw/WS\\_785F\\_LG\\_update/update.zip](http://www.storex.fr/download/mid_online_fw/WS_785F_LG_update/update.zip)
2. Copiez le fichier "**update.zip**" sur une carte micro SD.
3. Insérez la carte micro SD dans votre **eZee'Tab785**.
4. eZee'Tab785 éteinte, appuyez simultanément sur **POWER** et **VOL-**.
5. L'eZee'Tab785 devrait démarrer sur le menu Recovery d'Android. Si vous ne parvenez pas à démarrer sur le menu Recovery essayez d'appuyer sur **POWER** et **VOL+** simultanément.

6. Sélectionnez l'option « **apply update from sdcard** » à l'aide des touches **VOL+/-** pour naviguer. Appuyez sur la touche **POWER** pour confirmer votre sélection.

7. Sélectionnez l'option « **apply sdcard : update.zip** » pour lancer le processus de mise à jour de la tablette. Si l'option n'apparaît pas sous ce nom, sélectionnez l'option « **update.zip** »

```
Android system recovery <2e>
Use volume keys to navigate
Click the camera or menu button to select.
the back key to exit menu items.
reboot system now
apply sdcard:update.zip
wipe data/factory reset
wipe cache partition
advanced
v0.3.2
```

8. Le processus de mise à jour de la tablette démarre. Une fois la mise à jour terminée sélectionnez l'option « **reboot system now** ».

# UPDATING the eZee'Tab785

1. Download the update file on the link below:  
[http://www.storex.fr/download/mid\\_online\\_fw/WS\\_785F\\_LG\\_update/update.zip](http://www.storex.fr/download/mid_online_fw/WS_785F_LG_update/update.zip)
2. Copy the "**update.zip**" file into a micro SD card.
3. Insert the micro SD card into the **eZee'Tab785**.
4. eZee'Tab785 power off, press simultaneously **POWER & VOL-**.
5. The eZee'Tab785 should boot on the Recovery Android Menu. If you are unable to boot on the Recovery Menu, try to press **POWER & VOL+** simultaneously instead of **POWER & VOL-**.

6. Select « **apply update from sdcard** » option using **VOL+/-** to navigate. Press **POWER** to confirm your selection.

9. Select « **apply sdcard : update.zip** » option to launch the update process of you tablet. If the option doesn't appear under this name, select « **update.zip** » option.

A screenshot of the Android system recovery menu. The text is displayed in blue on a black background. At the top, it says "Android system recovery <2e>". Below that, instructions are given: "Use volume keys to navigate", "Click the camera or menu button to select.", and "the back key to exit menu items.". A list of options is shown: "reboot system now", "apply sdcard:update.zip", "wipe data/factory reset", "wipe cache partition", and "advanced". The option "apply sdcard:update.zip" is highlighted with a blue bar and a red rectangular box. At the bottom left, the version number "v0.3.2" is displayed in yellow.

```
Android system recovery <2e>
Use volume keys to navigate
Click the camera or menu button to select.
the back key to exit menu items.
reboot system now
apply sdcard:update.zip
wipe data/factory reset
wipe cache partition
advanced
v0.3.2
```
